

ST BARNABAS CE PRIMARY SCHOOL
PE AND SPORT PREMIUM EXPENDITURE

PE & Sport Premium Allocation 2015-16
(September '15– July '16)

£8163

How did we spend our allocation in 2015-16?

We bought into the York Schools Sport Partnership. This has enabled us to provide:

- a specialist teacher for ½ day per week for three half terms to work alongside teachers to coach them in developing their own expertise in teaching PE;
- an after school sports club during three half terms
- participation in inter-schools sports tournaments
- football skills coaching in curriculum time

We have funded the cost of a twice weekly after school sports club, run by an external sports coach in addition to the one provided above. We have offered a range of clubs over the year for different ages.

These have included: KS1 Gymnastics; KS1 and KS2 Multisports; KS2 Athletics; KS2 Summer Sports.

The remainder of the allocation was used to:

- Tennis coaching in curriculum time
- Provide subject leader time
- Fund the cost of transport to take part in competitions and tournaments
- Time for a member of staff to organise and run an intra-school football tournament.
- Rugby lunchtime club and coaching.

What difference did this make to sport participation rates and attainment of pupils at St Barnabas?

As a result of offering a wider range and increased number of after school sports clubs, 70% pupils took part in at least one sports club. Although not as much as in the previous year with 73%. We are still stronger compared to the year before this with 59%.

Pupils took part in a greater number of inter-school tournaments than in the previous year. These included KS1 and KS2 athletics, Y3/4 and 5/6 football, zoneball and cricket. We also attended the finals for KS1 Athletics.

The children really enjoyed the intra-school football tournament held at lunchtimes with fairly equal numbers of boys and girls wanting to take part. This enabled children to develop their football skills but also develop team and competition skills.

As a result of the specialist CPD, teachers have improved their skill and expertise in teaching PE. CPD focused on specific areas chosen by individual teachers. Gymnastics

was seen to be an area of weakness across the school. CPD specialist delivered gymnastics across the school with teachers joining in teaching throughout the term.

As a result, teachers feel more confident planning and delivering these areas and are better able to support pupils to progress from their different starting points.

Our school Sports Day supported children to using a range of skills in the activities. As there was a mixture of team challenges and races to 'win', this allowed for development of team skills and individual competition.

Other opportunities to develop PE and Sport at St Barnabas (using school funds – not the Sport Premium funding)

We use a specialist sports coach to deliver one of the class PE lessons per week for most classes, covering teacher PPA time. This means that the pupils receive the highest quality sports coaching.

We invest heavily in swimming and provide one term of swimming lessons to each pupil in years 2, 3, 4 and 5. This means that the majority of pupils are strong swimmers on leaving primary school. We see this as a priority due to the proximity of the River Ouse to school.

In July 2016 we again achieved the Bronze Sainsbury's School Games Award.

PE & Sport Premium Allocation 2016-17 (September '16 – July '17)	£8589
---	--------------

How do we plan to spend the allocation this year?

We will continue to buy into the York Schools Sport Partnership. This will enable us to provide:

- a specialist teacher for ½ day per week for three half terms to work alongside teachers to continue to coach them in developing their own expertise in teaching PE;
- an after school sports club for at least three half terms
- participation in inter-schools sports tournaments
- various other coaching programmes and teacher CPD
- More varied coaching e.g. golf and sports for the playground e.g. skipping?

We have increased the number of after school sports clubs run by external sports coaches, so that there are a minimum of 2 clubs run each week, with 3 clubs each week running every other half term.

Specialist support for teachers will be tailored to the CPD needs of the individual teacher.

We intend to further increase participation rates in competitions. Already, pupils have taken part in a year 5/6 Football tournament in which parents commented was the best they had ever seen St Barnabas play. As well as KS1 and KS2 athletics competitions.

Funding also funds approximately 30 hours of leadership time over the year for the PE leader, Mrs Taylor. Funding will enable her to carry out monitoring and planning to ensure that the pupils are progressing well and attaining highly in PE.

After looking at participation last year the following points have been noted.

- Identify children who have not taken part in more than 1 sports club so far this year and encourage to attend lunchtime clubs offered in the summer.
- More sports clubs and specialists for KS1 as well as KS2 to encourage being active from a young age.
- Questionnaire to be given out to classes to determine interests of children and other clubs we could offer.
- Summer challenge club could be an idea where children are given a different challenge each week e.g. how many skips in a minute, how fast can you run a mile, how many jumps in 30 seconds etc. Prizes could be given out to encourage competition.
- Also offer lunch or after school club where children are given free choice with equipment and ideas for games to encourage proper use at playtimes.
- Questionnaire to find out how many children attend sports clubs in the local area and which sports are played. Further signposting to local clubs.
