

## HALL OF FAME

### Lady Justice

Lady **Justice** is one of the most famous landmarks in London. It is a bronze statue that stands on the domed roof of the Old Bailey. This building houses the central criminal courts where people who are accused of breaking the law are tried by a judge and jury to find out if they are 'guilty' and should be punished or 'not guilty' and can go free.

Lady **Justice** was designed to be a symbol of **justice**: in her left hand she carries the scales of truth and fairness and in her right hand a double edged sword representing the power of reason and **justice**.

## FAMILY FOCUS

### Making a new law

New laws are passed every year by the government. Ask each member of the family to think of a law which they think the government should pass. Talk about your ideas and how your new law would make a difference.

## FASCINATING FACTS

### The World Village

If the world was a village, with 100 people living in it:

- 61 people would come from Asia, 13 from Africa, 13 from the Americas, 12 from Europe and 1 from Australasia
- 27 of the people would be under 15 and just 7 of them over 64
- half of the people would speak one of just 8 languages – and the most common language would be Chinese
- 63 village people would not have running water in their homes
- 18 people would not be able to read or write
- 53 villagers would have less than £1.30 a day to live on
- there would be 18 cars in the village

Talk with your family about ...

- what you find surprising about these statistics
- what we take for granted in our lives that many people live without
- what you think is **unjust**
- what you think could be done to make the world a more **just** place for everyone

## HOME-SCHOOL CHALLENGE

### Design a weighing machine

Before electronic weighing machines were invented, scales often had two pans that were balanced when each held an equal weight.

Design and make a simple balance from junk materials that can weigh small objects.
