

FAMILY FOCUS

The Perseverance Challenge

Ask each member of the family to write (on identical pieces of paper) a challenge that will require **perseverance** to complete. Fold the paper 4 times and place it in a bag with the others. Invite each person to place their hand into the bag (whilst looking the other way) and pick out a challenge which they have one week to complete. (Think carefully about the challenge you set and if possible make it a worthwhile and useful thing to do).

HOME-SCHOOL CHALLENGE

Mosaics are one of the oldest ways to make art. People have been arranging tiny coloured pieces of glass or pottery for thousands of years to create beautiful designs. But the process is time consuming and needs lots of **perseverance**. This term's Home-School Challenge is to make a mosaic picture (no bigger than A3 – 29x42cm) using small pieces of coloured paper. The subject of your mosaic is up to you. It could be a pattern or a picture.

All the pictures submitted will be displayed in our school Challenge Gallery.

HALL OF FAME

Prince George

Prince George had always been shy and had developed a stammer, which meant he could not speak for very long without struggling to say the words he wanted to say.

His elder brother, Edward, was very different. He was confident, loved to be the centre of attention and was destined to become King of England.

But soon after the coronation, King Edward announced that he was going to abdicate – to give up being king. His younger brother would now become king in his place. George was horrified! He felt sick with fright. Now he would be expected to deliver speeches and give radio broadcasts to millions! How would he be able to do this with his dreadful stammer? But George knew that it was his duty to serve his country.

He knew that he must overcome his fears and do his very best. He employed an Australian speech therapist to help him and with **perseverance** and great courage George was able to face the challenges ahead. When war was declared in 1939 King George gave a famous speech. He comforted and encouraged his people and won everyone's respect because they knew how brave he was being.

FASCINATING FACTS

Perseverance in the Natural World

Many birds show remarkable **perseverance** as they build their nests, piece by piece often in cold, wet and windy weather and at risk from predators.

The long-tailed tit is just one example. Weighing just 9g, this little bird takes 3 weeks or more to build a nest. The oval shaped nest is made from moss, cobwebs and hair, covered on the outside with lichen and lined with up to 2000 tiny feathers!
