Taming of the Shrew**

## Maths

- compare and order fractions whose denominators are all multiples of the same number
- identify, name and write equivalent fractions of a given fraction, represented visually, including tenths and hundredths
- recognise mixed numbers and improper fractions and convert from one form to the other and write mathematical statements  $> 1$  as a mixed number [for example,  $5\frac{2}{4} = 5\frac{1}{2} = 1\frac{1}{2}$ ]
- add and subtract fractions with the same denominator and denominators that are multiples of the same number
- multiply proper fractions and mixed numbers by whole numbers, supported by materials and diagrams
- read and write decimal numbers as fractions

## History and Geography

- Britain's settlement by Anglo Saxons and Scots
- Anglo Saxon invasions, settlements and kingdoms
- Place names and village life
- Anglo Saxon art and culture
- Viking and Anglo Saxon struggle for the kingdom of England until the time of Edward the Confessor
- Understand the geography of a European country (Italy) using maps to locate key features

## Science

- recognise that light appears to travel in straight lines
- use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye
- explain that we see things because light travels from light sources to our eyes or from light sources to objects and then to our eyes
- use the idea that light travels in straight lines to explain why shadows have the same shape as the objects that cast them.

## Music:

The Charanga Musical School Scheme: Listening and Appraising; Musical Activities — creating and exploring; and Singing and Performing.
