Our Vision and Values

Our vision is to ignite curiosity and delight in learning so we are ready for an ever changing, challenging world. We will build each other up to be unique individuals in a diverse community - showing resilience and working positively together to make every day count.'

Our core values of *creativity, courage* and *compassion* underpin our vision.

Statement of intent

St Barnabas CE Primary School is committed to safeguarding and promoting the welfare, both physical and emotional, of every pupil both inside and outside of the school premises. We implement a whole-school preventative approach to managing safeguarding concerns, ensuring that the wellbeing of pupils is at the forefront of all action taken.

This policy sets out a clear and consistent framework for delivering this promise, in line with safeguarding legislation and statutory guidance.

It will be achieved by:

- Creating a culture of safer recruitment by adopting procedures that help deter, reject or identify people who might pose a risk to children.
- Teaching pupils how to keep safe and recognise behaviour that is unacceptable.
- Identifying and making provision for any pupil that has been subject to abuse.
- Ensuring that members of the governing board, the headteacher and staff members understand their responsibilities under safeguarding legislation and statutory guidance, are alert to the signs of child abuse and know to refer concerns to the DSL.
- Ensuring that the headteacher and any new staff members and volunteers are only appointed when all the appropriate checks have been satisfactorily completed.

The DSL is: Miss Karen Boardman (Headteacher).

In the absence of the DSL, child protection matters will be dealt with by Ms Julie Woolgar.

The Safeguarding Governor is: Mr Gary Mogan

- Safeguard pupils' wellbeing and maintain public trust in the teaching profession as part of their professional duties.

Inter-agency working

The school contributes to inter-agency working as part of its statutory duty. The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.

The school is aware of and will follow the local safeguarding arrangements (See Appendix E.)

The school will work with CSCS, the police, health services and other services to protect the welfare of its pupils, through the early help process and by contributing to inter-agency plans to provide additional support.

Staff members are aware that whilst the GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes – data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm. Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils. If staff members are in doubt about sharing information, they will speak to the DSL or deputy DSL.

The school also recognises the particular importance of inter-agency working in identifying and preventing child sexual exploitation (CSE).

Indicators of Abuse and Neglect

All members of staff will be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be given a specific label and multiple issues often overlap one another.

Staff working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned

All staff, especially the DSL and their deputies, will be aware that pupils can be at risk of abuse or exploitation in situations outside their families (extra-familial harms).

All staff members will be aware of the indicators of abuse and the appropriate action to take following a pupil being identified as at potential risk of abuse or neglect.

When identifying pupils at risk of potential harm, staff members will look out for a number of indicators including, but not limited to, the following:

- Injuries in unusual places, such as bite marks on the neck, that are also inconsistent with their age
- Lack of concentration and acting withdrawn
- Knowledge ahead of their age, e.g. sexual knowledge.

- Use of explicit language
- Fear of abandonment
- Depression and low self-esteem

All members of staff will be aware of the indicators of peer-on-peer abuse, such as those in relation to bullying, gender-based violence, sexual assaults and sexting and will be aware of the necessary procedures to follow to prevent peer-on-peer abuse.

All staff will be aware of the behaviours linked to drug taking, alcohol abuse, truancy and sexting, and will understand that these put pupils in danger.

Staff members will be aware of the effects of a pupil witnessing an incident of abuse, such as witnessing domestic violence at home.

Dealing with Disclosures and Concerns about a Pupil

If a member of staff has any concern about a child's welfare, they will act on them immediately by speaking to the DSL or a deputy.

All staff members are aware of the procedure for reporting concerns and understand their responsibilities in relation to confidentiality and information sharing.

Where the DSL is not available to discuss the concern with, staff members will contact the deputy DSL with the matter.

Managing Referrals

The reporting and referral process outlined in Appendix B will be followed accordingly.

All staff members, in particular the DSL, will be aware of the LA's arrangements in place for managing referrals (Appendix D). The DSL will provide staff members with clarity and support where needed.

When making a referral to CSCS or other external agencies, information will be shared in line with confidentiality requirements and will only be shared where necessary to do so.

When a referral is made, CSCS will make a decision regarding what action is required within one working day of the referral being made and will notify the referrer. Staff are required to monitor a referral if they do not receive information from CSCS regarding what action is necessary for the pupil.

If the situation does not improve after a referral, the DSL will ask for reconsideration to ensure that their concerns have been addressed and that the situation improves for the pupil.

The DSL will work alongside external agencies, maintaining continuous liaison, including multi-agency liaison where appropriate, in order to ensure the wellbeing of the pupils involved.

The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

If a referral is made about a child by anyone other than the DSL, the DSL will be informed as soon as possible.

If early help is appropriate, the case will be kept under constant review. If the pupil's situation does not improve, a referral will be considered.

All concerns, discussions and decisions made, as well as the reasons for making those decisions, will be recorded in writing by the DSL and kept securely on CPOMS and/or in a locked cabinet in the Headteacher's Office .

If a pupil is in immediate danger, a referral will be made to CSCS and/or the police immediately.

If a pupil has committed a crime, such as sexual violence, the police will be notified without delay.

An inter-agency assessment will be undertaken where a child and their family could benefit from coordinated support from more than one agency. These assessments will identify what help the child and family require in preventing needs escalating to a point where intervention would be needed.

Managing Disclosures

All staff will be trained to handle disclosures and will follow the guidance below if a pupil makes a disclosure.

Do:

- ✓ Treat the pupil as an individual, with respect and dignity.
- ✓ Be thoughtful about your language choices and tone of voice.
- ✓ Act calmly and supportively
- ✓ Reassure them that this is the right thing to do.
- ✓ Make sure the pupil feels secure and inform them of your next actions.
- ✓ Make full notes of your discussion, including the date and time
- ✓ Record the discussion using the pupil's own words.
- ✓ Listen carefully and let the pupil finish without interrupting them – ensure that the pupil feels like they are being listened to and believed.
- ✓ Make sure they know exactly what is happening next and why you need to tell another adult.
- ✓ Inform the DSL or deputy as soon as possible after the disclosure

Do not

- ✗ Promise the pupil you won't tell anyone.
- ✗ Ask leading questions or probe for more information – let the pupil tell you exactly what they choose to and no more.

Early help

Early help means providing support as soon as a problem emerges, at any point in a child's life.

Any pupil may benefit from early help, but in particular staff will be alert to the potential need for early help for pupils who:

- Have SEND (whether or not they have a statutory EHC plan).
- Are young carers.
- Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups.
- Are frequently missing/going missing from care or from home.
- Misuse drugs or alcohol.

- Are at risk of modern slavery, trafficking or exploitation.
- Are in a family circumstance presenting challenges such as substance abuse, adult mental health problems or domestic abuse.
- Are returned home to their family from care.
- Show early signs of abuse and/or neglect.
- Are at risk of being radicalised or exploited.
- Are privately fostered.

Early help will also be used to address non-violent harmful sexual behaviour to prevent escalation.

All staff will be made aware of the local early help process and understand their role in it. The DSL will take the lead where early help is appropriate.

Child Protection Records Retention and Storage

All child protection records are stored securely. The majority of child protection records are kept securely on CPOMS (secure web based storage). Other paper based records are stored in a locked filing cabinet in the Headteacher's office

Where children leave the school (including for in-year transfers) the designated safeguarding lead will ensure their child protection file is transferred to the new school as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained.

In addition to the child protection file, the designated safeguarding lead will also consider if it would be appropriate to share any information with the new school in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

Concerns about staff members and safeguarding practices

If a staff member has concerns about another member of staff (including supply staff and volunteers), it will be raised with the headteacher. If the concern is with regards to the headteacher, it will be referred to the chair of governors.

Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy.

If a staff member feels unable to raise an issue with the SLT, they should contact the Chair of Governors, Anne Williamson.

Dealing with allegations of abuse against staff

Any allegations of abuse made against staff members, including those that meet the harms test, will be dealt with in accordance with the school's Allegations of Abuse Against Staff Policy - a copy of which will be provided to, and understood by, all staff.

For the purpose of this policy, the "harms test" refers to a situation where a person would pose a risk of harm if they continued to work in regular or close contact with pupils in their present position, or in any capacity.

The school will ensure all allegations against staff, including those who are not employees of the school, are dealt with appropriately and that the school liaises with the relevant parties.

When using an agency to access supply staff, the school will inform them of its processes for managing allegations, including any updates to the relevant policies, and liaise with the agency's human resources manager/provider where necessary.

When an allegation is made, an investigation will be carried out to gather enough evidence to establish whether it has a foundation, and the school will ensure there is sufficient information to meet the [DBS referral criteria](#).

On conclusion of a case, where an individual is removed from regulated activity – this could be due to suspension, redeployment to work that is not in regulated activity, dismissal or resignation – the school will refer the case to the DBS as soon as possible.

If a case manager is concerned about the welfare of other children in the community following a staff member's suspension, they may report this concern to CSCS.

The school will preserve records which contain information about allegations of sexual abuse for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry in question.

Pupils with SEND

The school recognises that pupils with SEND can face additional safeguarding challenges and understands that further barriers may exist when determining abuse and neglect in this group of pupils.

Staff will be aware of the following:

- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a child's indicators relate only to their disability
- Pupils with SEND can be disproportionately impacted by things like bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration.

When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's family where appropriate, to ensure that the pupil's needs are effectively met.

Sports clubs and extracurricular activities

Clubs and extracurricular activities hosted by external bodies, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Paid and volunteer staff running sports clubs and extracurricular activities are aware of their safeguarding responsibilities and promote the welfare of pupils.

Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSCS or the police, if necessary.

All national governing bodies of sport that receive funding from either Sport England or UK Sport, must aim to meet the Standards for Safeguarding and Protecting Children in Sport.

Safer recruitment

An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in 'regulated activity' if, as a result of their work, they:

- Are responsible on a daily basis for the care or supervision of children.
- Regularly work in the school at times when children are on the premises.
- Regularly come into contact with children under 18 years of age.

The DfE's [DBS Workforce Guides](#) will be consulted when determining whether a position fits the child workforce criteria.

Pre-employment checks

The governing board will assess the suitability of prospective employees by:

- Verifying the candidate's identity, preferably from the most current photographic ID and proof of address except where, for exceptional reasons, none is available.
- Obtaining a certificate for an enhanced DBS check with barred list information where the person will be engaged in regulated activity.
- Obtaining a separate barred list check if an individual will start work in regulated activity before the DBS certificate is available.
- Checking that a candidate to be employed as a teacher is not subject to a prohibition order issued by the Secretary of State, using the [TRA Teacher Services' System](#).
- Verifying the candidate's mental and physical fitness to undertake their working responsibilities, including asking relevant questions about disability and health to establish whether they have the physical and mental capacity for the specific role.
- Checking the person's right to work in the UK. If there is uncertainty about whether an individual needs permission to work in the UK, the advice set out on the [Gov.UK](#) website will be followed.
- If the person has lived or worked outside the UK, making any further checks that the school considers appropriate; this includes checking for any teacher sanctions or restrictions that an EEA professional regulating authority has imposed.
- Checking professional experience, QTS and qualifications as appropriate using Teacher Services.

An enhanced DBS certificate will be obtained from candidates before or as soon as practicable after appointment. An online update check may be undertaken through the DBS update service if an applicant has subscribed to it and gives their permission.

ITT candidates

Where applicants for ITT are salaried by the school, the school will ensure that enhanced DBS checks with barred list information are carried out. Written confirmation will be obtained to

ensure that an enhanced DBS certificate and barred list check has been carried out for all fee-funded trainees.

Governors

An enhanced DBS check will be carried out for each member of the governing board. Where a governor also engages in any regulated activity, a barred list check will also be requested.

The school will carry out a section 128 check on governors, because a person subject to one is disqualified from being a governor. The school will check if a proposed governor is barred due to a section 128 order by contacting the TRA using the Teacher Services' webpage.

Those who have lived or worked outside of the UK

For those who have lived or worked outside of the UK, additional checks regarding teacher sanctions or restrictions will be conducted, this includes checking for any teacher sanctions or restrictions that an EEA professional regulating authority has imposed.

Barred list check

An enhanced DBS check may be requested for anyone working in school that is not in regulated activity but does not have a barred list check.

If there are concerns about an applicant, an enhanced DBS check with barred list information may be requested, even if they have worked in regulated activity in the three months prior to appointment.

Written information about their previous employment history will be obtained from candidates and the appropriate checks undertaken to ensure information is not contradictory or incomplete.

References

References will be obtained directly from referees and scrutinised, with all concerns satisfactorily resolved prior to confirmation of employment. References will only be accepted from a senior person and not from a colleague.

References will be sought on all short-listed candidates, including internal ones, before an interview and checked on receipt to ensure that all specific questions were answered satisfactorily.

References will be obtained prior to interviews taking place and discussed during interviews. Open testimonials will not be considered.

Information about past disciplinary actions or allegations will be considered carefully when assessing an applicant's suitability for a post.

Information sourced directly from a candidate or online source will be carefully vetted to ensure they originate from a credible source.

Volunteers

No volunteer will be left unsupervised with a pupil or allowed to work in regulated activity until the necessary checks have been obtained.

An enhanced DBS certificate with barred list check will be obtained for all new volunteers in regulated activity that will regularly teach or look after children on an unsupervised basis or provide personal care on a one-off basis. Personal care includes helping a child with eating and drinking for reasons of illness, or care in connection with toileting, washing, bathing and dressing for reasons of age, illness or disability.

A supervised volunteer who regularly teaches or looks after children is not in regulated activity. The school will obtain an enhanced DBS certificate with barred list check for existing volunteers that provide pastoral care.

Unless there is cause for concern, the school will not request any new DBS certificates with barred list check for existing volunteers that have already been checked.

A risk assessment will be undertaken for volunteers not engaged in regulated activity when deciding whether to seek an enhanced DBS check.

Associate members

Associate members (i.e. individuals that are appointed by the governing board to serve on one or more committees) will not be required to obtain enhanced DBS checks.

Contractors

The school will ensure that any contractor or employee of the contractor working on the premises has been subject to the appropriate level of DBS check.

Checks will be conducted to ensure that the contractor presenting themselves for work is the same person on whom the checks have been made.

Contractors without a DBS check will be supervised if they will have contact with children. The identity of the contractor will be checked upon their arrival at the school.

Data retention

DBS certificates will be securely destroyed as soon as practicable, but not retained for longer than six months from receipt.

- 1.1 A copy of the other documents used to verify the successful candidate's identity, right to work and required qualifications will be kept for the personnel file. The personnel file will be held for the duration of the employee's employment plus six years.

Referral to the DBS

- 1.2 The school will refer to the DBS anyone who has harmed a child or poses a risk of harm to a child, or if there is reason to believe the member of staff has committed an offence and has been removed from working in regulated activity. The duty will also apply in circumstances where an individual is deployed to another area of work that is not in regulated activity or they are suspended.

Ongoing suitability

Following appointment, consideration will be given to staff and volunteers' ongoing suitability – to prevent the opportunity for harm to children or placing children at risk.

Single central record (SCR)

The school keeps an SCR which records all staff, including supply staff and teacher trainees on salaried routes, who work at the school.

The following information is recorded on the SCR:

- An identity check
- A barred list check
- An enhanced DBS check
- A prohibition from teaching check
- A check of professional qualifications

- A check to determine the individual's right to work in the UK
- Additional checks for those who have lived or worked outside of the UK

For agency and third-party supply staff, the school will also record whether written confirmation from the employment business supplying the member of staff has been received which indicates that all the necessary checks have been conducted and the date that confirmation was received.

If any checks have been conducted for volunteers, this will also be recorded on the SCR.

If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, the risk assessment will be recorded.

Staff suitability

All centres providing care for pupils under the age of eight must ensure that staff and volunteers working in these settings are not disqualified from doing so under the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018.

A person may be disqualified if they:

- Have certain orders or other restrictions placed upon them.
- Have committed certain offences.

All staff members are required to sign the [declaration form](#) provided in the appendices of this policy confirming that they are not disqualified from working in a schooling environment.

A disqualified person will not be permitted to continue working at the school, unless they apply for and are granted a waiver from Ofsted. The school will provide support with this process.

Training

Staff members will undergo safeguarding and child protection training at induction, which will be regularly updated on an annual basis or whenever there is a change in legislation.

The induction training will cover:

- The Child Protection and Safeguarding Policy
- The Behaviour Policy
- The Staff Code of Conduct
- The safeguarding response to children who go missing from education
- The identity and role of the DSL and any deputies

All staff members will be required to read at least Part 1 and Annex A of the latest '*DfE Keeping Children Safe in Education*'

All staff members will also receive regular safeguarding and child protection updates as required, but at least annually.

Staff will receive opportunities to contribute towards and inform the safeguarding arrangements in the school.

The DSL and deputy DSL will undergo updated child protection training every two years, as well as additional training to refresh their skills and knowledge at regular intervals (at least annually) to allow them to keep up-to-date with any developments relevant to their role.

The DSL and deputy DSL will also undergo biennial Prevent awareness training which will enable them to understand and support the school with regards to the Prevent duty and equip them with the knowledge needed to advise staff.

The DSL and their deputy(s) will undergo online safety training to help them recognise the additional risks that pupils with SEND face online, for example, from online bullying, grooming and radicalisation, to ensure they have the capability to support pupils with SEND to stay safe online

Online training will also be conducted for all staff members as part of the overall safeguarding approach.

Types of abuse and neglect

Abuse: A form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Children may be abused in a family, institutional or community setting by those known to them or, more rarely, by others, e.g. via the internet.

Physical abuse: A form of abuse which may involve actions such as hitting, throwing, burning, drowning and poisoning, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: A form of abuse that involves the emotional maltreatment of a child to cause severe and adverse effects on the child's emotional development. This may involve telling a child they are worthless, unloved, inadequate, not giving them the opportunities to express their views, deliberately silencing them, or often making them feel as though they are in danger.

Sexual abuse: A form of abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving a high level of violence, and whether or not the child is aware of what is happening. This may involve physical assault, such as penetrative assault and touching, or non-penetrative actions, such as looking at sexual images or encouraging children to behave in inappropriate ways.

Neglect: A form of abuse that involves the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in serious impairment of a child's health or development. This may involve providing inadequate food, clothing or shelter, or the inability to protect a child from physical or emotional harm or ensure access to appropriate medical treatment.

FGM

For the purpose of this policy, FGM is defined as the partial or total removal of the external female genitalia, or any other injury to the female genital organs. FGM is considered a form of abuse in the UK and is illegal.

All staff will be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. If staff members are worried about someone who is at risk of FGM or who has been a victim of FGM, they are required to share this information with social care and/or the police.

Teaching staff are **legally required** to report to the police any discovery, whether through disclosure by the victim or visual evidence, of FGM on a girl under the age of 18. Teachers failing to report such cases will face disciplinary action.

NB. The above does not apply to any suspected or at-risk cases, nor if the individual is over the age of 18. In such cases, local safeguarding procedures will be followed.

There are a range of potential indicators that a pupil may be at risk of FGM. While individually they may not indicate risk, if two or more indicators are present, this could signal a risk to the pupil.

Victims of FGM are most likely to come from communities that are known to adopt this practice. It is important to note that the pupil may not yet be aware of the practice or that it may be conducted on them, so staff will be sensitive when broaching the subject.

Indicators that may show a heightened risk of FGM include the following:

- The socio-economic position of the family and their level of integration into UK society
- Any girl with a mother or sister who has been subjected to FGM
- Any girl withdrawn from PSHE

Indicators that may show FGM could take place soon include the following:

- When a female family elder is visiting from a country of origin
- A girl may confide that she is to have a 'special procedure' or a ceremony to 'become a woman'
- A girl may request help from a teacher if she is aware or suspects that she is at immediate risk
- A girl, or her family member, may talk about a long holiday to her country of origin or another country where the practice is prevalent

Staff will be vigilant to the signs that FGM has already taken place so that help can be offered, enquiries can be made to protect others, and criminal investigations can begin.

Indicators that FGM may have already taken place include the following:

- Difficulty walking, sitting or standing
- Spending longer than normal in the bathroom or toilet
- Spending long periods of time away from a classroom during the day with bladder or menstrual problems
- Prolonged or repeated absences from school followed by withdrawal or depression
- Reluctance to undergo normal medical examinations
- Asking for help, but not being explicit about the problem due to embarrassment or fear

Teachers will not examine pupils, and so it is rare that they will see any visual evidence, but they will report to the police where an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also consider and discuss any such case with the DSL and involve CSCS as appropriate.

FGM is also included in the definition of 'honour-based' abuse (HBA), which involves crimes that have been committed to defend the honour of the family and/or community, alongside forced marriage and breast ironing.

All forms of HBA are forms of abuse and will be treated and escalated as such.

Staff will be alert to the signs of HBA, including concerns that a child is at risk of HBA, or has already suffered from HBA, and will consult with the DSL who will activate local safeguarding procedures if concerns arise.

Forced marriage

For the purpose of this policy, a “**forced marriage**” is defined as a marriage that is entered into without the full and free consent of one or both parties, and where violence, threats or any other form of coercion is used to cause a person to enter into the marriage. Forced marriage is classed as a crime in the UK.

As part of HBA, staff will be alert to the signs of forced marriage including, but not limited to, the following:

- Becoming anxious, depressed and emotionally withdrawn with low self-esteem
- Showing signs of mental health disorders and behaviours such as self-harm or anorexia
- Displaying a sudden decline in their educational performance, aspirations or motivation
- Regularly being absent from school
- Displaying a decline in punctuality
- An obvious family history of older siblings leaving education early and marrying early

If staff members have any concerns regarding a child who may have undergone, is currently undergoing, or is at risk of, forced marriage, they will speak to the DSL and local safeguarding procedures will be followed – this could include referral to CSCS, the police or the Forced Marriage Unit.

Child sexual exploitation (CSE)

For the purpose of this policy, “**child sexual exploitation**” is defined as: a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person into sexual activity, for either, or both, of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage or increased status of the perpetrator or facilitator

CSE does not always involve physical contact, as it can also occur online. It is also important to note that a child can be sexually exploited even if the sexual activity appears consensual.

The school has adopted the following procedure for handling cases of CSE, as outlined by the DfE:

Identifying cases

School staff members will be aware of and look for the key indicators of CSE; these are as follows:

- Having older boyfriends or girlfriends
- Suffering from sexually transmitted infections or becoming pregnant

Other indicators outlined in [10.3](#) may also be signs that a child is a victim of CSE

Referring cases

Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern still remains, local safeguarding procedures will be triggered, including referral to the LA.

Support

The LA and all other necessary authorities will then handle the matter to conclusion. The school will cooperate as needed.

Child criminal exploitation (CCE)

For the purpose of this policy, “**child criminal exploitation**” is defined as: where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, for any, or all, of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

CCE may be in effect even if the criminal activity appears consensual and can happen through the use of technology.

Identifying cases

School staff will be aware of the following indicators that a child is the victim of CCE:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs or alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education or not taking part

Mental health

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering abuse, neglect or exploitation.

Staff will not attempt to make a diagnosis of mental health problems – the school will ensure this is done by a trained mental health professional.

Staff will be encouraged to identify pupils whose behaviour suggests they may be experiencing a mental health problem or may be at risk of developing one.

Staff who have a mental health concern about a pupil that is also a safeguarding concern will act in line with this policy and speak to the DSL or a deputy.

The school will access a range of advice to help them identify pupils in need of additional mental health support, including working with external agencies.

Homelessness

The DSL and deputy(s) will be aware of the contact details and referral routes into the Local Housing Authority so that concerns over homelessness can be raised as early as possible.

Indicators that a family may be at risk of homelessness include the following:

- Household debt
- Rent arrears
- Domestic abuse
- Anti-social behaviour
- Any mention of a family moving home because “they have to”

Referrals to the Local Housing Authority do not replace referrals to CSCS where a child is being harmed or at risk of harm.

For 16- and 17-year-olds, homelessness may not be family-based and referrals to CSCS will be made as necessary where concerns are raised.

County lines

For the purpose of this policy, “**County lines**” refers to organised criminal networks or gangs exploiting children to move drugs and money into one or more areas (within the UK). Drugs and money may also be stored by children for the purpose of criminal activity.

Staff will be made aware of pupils with missing episodes who may have been trafficked for the purpose of transporting drugs.

Staff members who suspect a pupil may be vulnerable to, or involved in, county lines activity will immediately report all concerns to the DSL.

The DSL will consider referral to the National Referral Mechanism on a case-by-case basis and consider involving local services and providers who offer support to victims of county lines exploitation.

Indicators that a pupil may be involved in county lines active include the following:

- Persistently going missing or being found out of their usual area
- Unexplained acquisition of money, clothes or mobile phones
- Excessive receipt of texts or phone calls
- Relationships with controlling or older individuals or groups
- Leaving home without explanation
- Evidence of physical injury or assault that cannot be explained
- Carrying weapons
- Sudden decline in school results
- Becoming isolated from peers or social networks
- Self-harm or significant changes in mental state
- Parental reports of concern

Serious violence

Through training, all staff will be made aware of the indicators which may signal a pupil is at risk from, or is involved with, serious violent crime. These indicators include, but are not limited to, the following:

- Increased absence from school
- A change in friendships
- New relationships with older individuals or groups
- A significant decline in academic performance
- Signs of self-harm
- A significant change in wellbeing
- Signs of assault

- Unexplained injuries
- Unexplained gifts or new possessions

Staff will be made aware of some of the most significant risk factors that could increase a pupil's vulnerability to becoming involved in serious violent crime. These risk factors include, but are not limited to, the following:

- A history of committing offences
- Substance abuse
- Anti-social behaviour
- Truancy
- Peers involved in crime and/or anti-social behaviour

Staff members who suspect a pupil may be vulnerable to, or involved in, serious violent crime will immediately report their concerns to the DSL.

Pupils with family members in prison

Pupils with a family member in prison will be offered pastoral support as necessary.

They will receive a copy of '[Are you a young person with a family member in prison](#)' from Action for Prisoners' Families where appropriate and allowed the opportunity to discuss questions and concerns.

Pupils required to give evidence in court

Pupils required to give evidence in criminal courts, either for crimes committed against them or crimes they have witnessed, will be offered appropriate pastoral support.

Pupils will also be provided with the booklet '[Going to Court](#)' from HM Courts and Tribunals Service (HMCTS) where appropriate and allowed the opportunity to discuss questions and concerns.

Contextual safeguarding

Safeguarding incidents can occur outside of school and can be associated with outside factors. School staff, particularly the DSL and their deputy(s), will always consider the context of incidents – this is known as contextual safeguarding.

Assessment of pupils' behaviour will consider whether there are wider environmental factors that are a threat to their safety and/or welfare.

The school will provide as much contextual information as possible when making referrals to CSCS.

Preventing radicalisation

For the purpose of this policy, we have used the following definitions:

- **“Radicalisation”** refers to the process by which a person comes to support terrorism and extremist ideologies
- **“Extremism”** refers to the vocal or active opposition to fundamental British values, e.g. individual liberty and the rule of law
- **“Terrorism”** refers to an action that endangers or causes serious violence to a person or people, property, or electronic system, which is designed to influence the government, intimidate the public, or advance a cause.

Protecting children from the risk of radicalisation is part of the school's wider safeguarding duties. The school will actively assess the risk of pupils being drawn into terrorism.

Staff will be alert to changes in pupils' behaviour which could indicate that they may be in need of help or protection. Any member of staff who identifies concerns, because of observed behaviour or reports of conversations, will report these to the DSL.

Staff will use their professional judgement to identify pupils who may be at risk of radicalisation and act appropriately, which may include making a referral to the Channel programme. The school will work with local safeguarding arrangements as appropriate.

The school will ensure that they engage with parents and families, as they are in a key position to spot signs of radicalisation. In doing so, the school will assist and advise family members who raise concerns and provide information for support mechanisms.

Any concerns over radicalisation will be discussed with a child's parents, unless the school has reason to believe that the child would be placed at risk as a result.

The DSL will consider whether a situation may be so serious that an emergency response is required. In this situation, a 999 call will be made; however, concerns are most likely to require a police investigation as part of the Channel programme, in the first instance.

Training

The DSL will undertake Prevent awareness training to be able to provide advice and support to other staff on how to protect children against the risk of radicalisation. The DSL will hold formal training sessions with all members of staff to ensure they are aware of the risk indicators and their duties regarding preventing radicalisation.

Channel programme

Safeguarding children is a key role for both the school and the LA, which is implemented through the use of the Channel programme. This service shall be used where a vulnerable pupil is at risk of being involved in terrorist activities.

In cases where the school believes a pupil is potentially at serious risk of being radicalised, the headteacher or DSL will contact the Channel programme.

The Channel programme ensures that vulnerable children and adults of any faith, ethnicity or background, receive support before their vulnerabilities are exploited by those that would want them to embrace terrorism, and before they become involved in criminal terrorist-related activity. The programme identifies individuals at risk, assesses the extent of that risk, and develops the most appropriate support plan for the individuals concerned, with multi-agency cooperation and support from the school. The delivery of the Channel programme may often overlap with the implementation of the LA's or school's wider safeguarding duty, especially where vulnerabilities have been identified that require intervention from CSCS, or where the individual is already known to CSCS.

The school will keep in mind that an individual's engagement with the Channel programme is voluntary at all stages.

Extremist speakers

The Guest Speaker Policy will prevent speakers who may promote extremist views from using the school premises.

Building children's resilience

The school will:

- Provide a safe environment for debating controversial issues.
- Promote fundamental British values, alongside pupils' spiritual, moral, social and cultural development.
- Allow pupils time to explore sensitive and controversial issues.
- Provide pupils with the knowledge and skills to understand and manage potentially difficult situations, recognise risk, make safe choices and recognise where pressure from others threatens their personal safety and wellbeing.
- Equip pupils to explore political and social issues critically, weigh evidence, debate, and make reasoned arguments.
- Teach pupils about how democracy, government and law making/enforcement occur.
- Teach pupils about mutual respect and understanding for the diverse national, regional, religious and ethnic identities of the UK.

Resources

The school will utilise the following resources when preventing radicalisation:

- Local safeguarding arrangements
- Local police (contacted via 101 for non-emergencies)
- The DfE's dedicated helpline (020 7340 7264)
- The Channel awareness programme
- The [Educate Against Hate](#) website

Allegations of abuse against other pupils (peer-on-peer abuse)

Peer-on-peer abuse is defined as abuse between children. This can include, but is not limited to the following:

- Abuse within intimate partner relationships
- Bullying (including cyberbullying)
- Sexual violence and sexual harassment
- Physical abuse and physical harm
- Sexting
- Initiation/hazing-type violence and rituals

Sexual harassment

Sexual harassment refers to unwanted conduct of a sexual nature that occurs online or offline. Sexual harassment violates a pupil's dignity and makes them feel intimidated, degraded or humiliated, and can create a hostile, sexualised or offensive environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence.

Sexual harassment includes:

- Sexual comments.
- Sexual "jokes" and taunting.
- Physical behaviour, such as deliberately brushing against another pupil.
- Online sexual harassment, including non-consensual sharing of images and videos and consensual sharing of sexual images and videos (often known as sexting), inappropriate comments on social media, exploitation,

coercion and threats – online sexual harassment may be isolated or part of a wider pattern.

Sexual violence

1.3 Sexual violence refers to the three following offences:

- **Rape:** A person (A) commits an offence of rape if he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.
- **Assault by Penetration:** A person (A) commits an offence if s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.
- **Sexual Assault:** A person (A) commits an offence of sexual assault if s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.
- Harmful sexual behaviours

1.4 The term “**harmful sexual behaviour**” is used to describe behaviour that is problematic, abusive and violent, and that may cause developmental damage. Harmful sexual behaviour may include:

- Using sexually explicit words and phrases.
- Inappropriate touching.
- Sexual violence or threats.
- Full penetrative sex with other children or adults.
- Sexual interest in adults or children of very different ages to their own.
- Forceful or aggressive sexual behaviour.
- Compulsive habits.
- Sexual behaviour affecting progress and achievement.
- Using sexually explicit words and phrases.
- Inappropriate touching.
- Sexual violence or threats.

1.5 Sexual behaviour can also be harmful if one of the children is much older (especially where there is two years or more difference, or where one child is pre-pubescent and the other is not) and where the child may have SEND.

A preventative approach

1.6 In order to prevent peer-on-peer abuse and address the wider societal factors that can influence behaviour, the school will educate pupils about abuse, its forms and the importance of discussing any concerns and respecting others through the curriculum, assemblies and PSHE lessons.

1.7 The school will also ensure that pupils are taught about safeguarding, including online safety, as part of a broad and balanced curriculum in PSHE lessons, RSE and group sessions. Such content will be age and stage of development specific, and tackle issues such as the following:

- Healthy relationships

- Respectful behaviour
- Gender roles, stereotyping and equality
- Body confidence and self-esteem
- Prejudiced behaviour
- That sexual violence and sexual harassment is always wrong
- Addressing cultures of sexual harassment

1.8 Pupils will be allowed an open forum to talk about concerns and sexual behaviour. They are taught how to raise concerns and make a report, including concerns about their friends or peers, and how a report will be handled

Awareness

- 1.9 All staff will be aware that pupils of any age and sex are capable of abusing their peers and will never tolerate abuse as “banter” or “part of growing up”.
- 1.10 All staff will be aware that peer-on-peer abuse can be manifested in many different ways, including sexting and gender issues, such as girls being sexually touched or assaulted, and boys being subjected to hazing/initiation type of violence which aims to cause physical, emotional or psychological harm.
- 1.11 All staff will be made aware of the heightened vulnerability of pupils with SEND, who are three times more likely to be abused than their peers. Staff will not assume that possible indicators of abuse relate to the pupil’s SEND and will always explore indicators further.
- 1.12 LGBTQ+ children can be targeted by their peers. In some cases, children who are perceived to be LGBTQ+, whether they are or not, can be just as vulnerable to abuse as LGBTQ+ children.

The school’s response to boy-on-boy and girl-on-girl sexual violence and sexual harassment will be equally as robust as it is for incidents between children of the opposite sex.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers.

Managing disclosures of peer on peer abuse

Victims will always be taken seriously, reassured, supported and kept safe. Victims will never be made to feel like they are causing a problem or made to feel ashamed.

If a friend of a victim makes a report or a member of staff overhears a conversation, staff will take action – they will never assume that someone else will deal with it.

Where an alleged incident took place away from the school or online but involved pupils from the school, the school’s duty to safeguard pupils remains the same.

Taking action following a disclosure of peer on peer abuse

The DSL or a deputy will decide the school’s initial response, taking into consideration:

- The victim’s wishes.
- The nature of the incident.
- The ages and developmental stages of the children involved.
- Any power imbalance between the children.
- Whether the incident is a one-off or part of a pattern.
- Any ongoing risks.

- Any related issues and the wider context, such as whether there are wider environmental factors in a child's life that threaten their safety and/or welfare.
- The best interests of the child.
- That sexual violence and sexual harassment are always unacceptable and will not be tolerated.

Immediate consideration will be given as to how to support the victim, alleged perpetrator and any other children involved.

The DSL will make an immediate risk and needs assessment any time there is a report of harmful sexual behaviour. For reports of sexual harassment, a risk assessment will be considered on a case-by-case basis. Risk assessments are not intended to replace the detailed assessments of experts, and for incidents of sexual violence it is likely that a professional risk assessment by a social worker or sexual violence specialist will be required.

Risk assessments will consider:

- The victim.
- The alleged perpetrator.
- Other children at the school, especially any actions that are appropriate to protect them.

Risk assessments will be recorded and kept under review in accordance with the school's Data Protection Policy.

Working with parents and carers in cases of harmful sexual behaviour

In most cases, the school will work with the parents of both the victim and alleged perpetrator.

The school will meet the victim's parents with the victim present to discuss the arrangements being put in place to safeguard the victim, and to understand their wishes in terms of support arrangements and the progression of the report.

Schools will also meet with the parents of the alleged perpetrator to discuss arrangements that will impact their child, such as moving them out of classes with the victim. Reasons behind decisions will be explained and the support being made available will be discussed.

Online safety

As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.

Through training, all staff members will be made aware of the following:

- Pupil attitudes and behaviours which may indicate they are at risk of potential harm online
- The procedure to follow when they have a concern regarding a pupil's online activity

The school will ensure that suitable filtering systems are in place to prevent children accessing terrorist and extremist material, in accordance with the school's Data and E-Security Breach Prevention and Management Plan.

The use of mobile phones by staff and pupils is closely monitored by the school, in accordance with the E-Safety and Acceptable Use Policies and the Staff Code of Conduct.

Further information regarding the school's approach to online safety can be found in the E-Safety and Acceptable Use Policies.

Where pupils need to learn online from home, the school will support them to do so safely in line with the Pupil Remote Learning Policy and government guidance.

Mobile phone and camera safety

Staff members will not use personal mobile phones or cameras when pupils are present.

Staff may use mobile phones on school premises outside of working hours when no pupils are present. Staff may use mobile phones in the staffroom during breaks and non-contact time.

Mobile phones will be safely stored and in silent mode whilst pupils are present.

Staff will use their professional judgement in emergency situations.

Staff may take mobile phones on trips, but they should not be used when pupils are present unless in emergencies

Mobile devices will not be used to take images or videos of pupils or staff in any circumstances.

The sending of inappropriate messages or images from mobile devices is strictly prohibited.

Staff who do not adhere to this policy will face disciplinary action.

ICT technicians and the Computing Lead will review and authorise any downloadable apps – no apps or programmes will be downloaded without express permission from an ICT technician or Computing Lead.

The school will adhere to the terms of the E-Safety Policy at all times.

Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school's Data Protection Policy. The DPO will oversee the planning of any events where photographs and videos will be taken.

Where photographs and videos will involve LAC pupils, adopted pupils, or pupils for whom there are security concerns, the headteacher will liaise with the DSL to determine the steps involved.

The DSL will, in known cases of a pupil who is a LAC or who has been adopted, liaise with the pupil's social worker, carers or adoptive parents to assess the needs and risks associated with the pupil.

The school will adhere to its Photography Policy at all times.

Staff will report any concerns about another staff member's use of mobile phones to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy and the Allegations of Abuse Against Staff Policy.

Upskirting

Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment and to record an image beneath a person's clothing without consent and with the intention of observing, or enabling another person to observe, the victim's genitals or buttocks (whether exposed or covered with underwear), in circumstances where their genitals, buttocks or underwear would not otherwise be visible, for a specified purpose.

A "specified purpose" is namely:

- Obtaining sexual gratification (either for themselves or for the person they are enabling to view the victim's genitals, buttocks or underwear).
- To humiliate, distress or alarm the victim.

“Operating equipment” includes enabling, or securing, activation by another person without that person's knowledge, e.g. a motion-activated camera.

Upskirting will not be tolerated by the school.

Any incidents of upskirting will be reported to the DSL who will then decide on the next steps to take, which may include police involvement.

A child missing from education

A child going missing from school is a potential indicator of abuse or neglect and, as such, these children are increasingly at risk of being victims of harm, exploitation or radicalisation.

Staff will monitor pupils that go missing from the school, particularly on repeat occasions, and report them to the DSL following normal safeguarding procedures, in accordance with the Children Missing Education Policy.

The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school's permission for a continuous period of 10 school days or more.

Admissions register

Pupils are placed on the admissions register at the beginning of the first day that is agreed by the school, or when the school has been notified that the pupil will first be attending.

The school will notify the LA within five days of when a pupil's name is added to the admissions register.

The school will ensure that the admissions register is kept up-to-date and accurate at all times and will inform parents when any changes occur.

Two emergency contact details will be held for each pupil where possible. Staff will monitor pupils who do not attend the school on the agreed date and will notify the LA at the earliest opportunity.

If a parent notifies the school that their child will live at a different address, the school will record the following information on the admissions register:

- The full name of the parent with whom the pupil will live
- The new address
- The date from when the pupil will live at that address

If a parent notifies the school that their child will be attending a different school, or is already registered at a different school, the following information will be recorded on the admissions register:

- The name of the new school
- The date on which the pupil first attended, or is due to attend, that school

Where a pupil moves to a new school, the school will use a secure internet system to securely transfer pupils' data.

To ensure accurate data is collected to allow effective safeguarding, the school will inform the LA of any pupil who is going to be deleted from the admission register, in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended), where they:

- Have been taken out of the school by their parents, and are being educated outside the national education system, e.g. home education.
- Have ceased to attend the school, and no longer live within a reasonable distance of the premises.
- Have been permanently excluded.

The school will also remove a pupil from the admissions register where the school and LA has been unable to establish the pupil's whereabouts after making reasonable enquiries into their attendance.

If a pupil is to be removed from the admissions register, the school will provide the LA with the following information:

- The full name of the pupil
- The full name and address of any parent with whom the pupil lives
- At least one telephone number of the parent with whom the pupil lives
- The full name and address of the parent with whom the pupil is going to live, and the date that the pupil will start living there, if applicable
- The name of the pupil's new school and the pupil's expected start date there, if applicable
- The grounds for removal from the admissions register under regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 (as amended)

The school will work with the LA to establish methods of making returns for pupils back into the school.

The school will highlight to the LA where they have been unable to obtain necessary information from parents, e.g. where an address is unknown.

The school will also highlight any other necessary contextual information including safeguarding concerns

Alternative provision

The school will remain responsible for a pupil's welfare during their time at an alternative provider.

When placing a pupil with an alternative provider, the school will obtain written confirmation that the provider has conducted all relevant safeguarding checks on staff.

Work experience

Where the school has pupils conduct work experience at the school, an enhanced DBS check will be obtained if the pupil is over the age of 16.

Private fostering

Where the school becomes aware of a pupil being privately fostered, they will notify the LA as soon as possible to allow the LA to conduct any necessary checks.

Monitoring and review

- 1.13 This policy is reviewed annually by the Headteacher (DSL). Any changes made to this policy will be communicated to all members of staff.
- 1.14 All members of staff are required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction programme.
- 1.15 The next scheduled review date for this policy is September 2021.

Safeguarding Reporting Process

The process outlined within the first section should be followed where a staff member has a safeguarding concern about a child. Where a referral has been made, the process outlined in the 'After a referral is made' section should be followed.

The actions taken by the school are outlined in yellow, whereas actions taken by another agency are outlined in blue.

Before a referral is made

A staff member identifies a concern or potential concern. Is the pupil at immediate risk of harm?

N

Y

Is the DSL or the deputy DSL available to discuss the concern with?

The staff member immediately notifies the police of the situation and informs the DSL.

Y

N

The staff member discusses the concern with the DSL. Taking into account observations and using professional judgement, is a referral required?

The staff member makes a referral to children's social care services (CSCS), notifying the DSL of this as soon as possible.

Y

N

The DSL makes a referral to CSCS, keeping the staff member who raised the concern up-to-date with what action is taken.

The pupil continues to be monitored and early help is provided where necessary. If the concern escalates, a referral is made to the CSCS.

Within one working day, a social worker from CSCS will make a decision about the type of response that is required and will notify the referrer. Where this information is not forthcoming, the referrer should contact the appointed social worker to follow up the referral.

2

The steps outlined in the next flowchart are then followed.

Appendix C

Once a referral has been made, a social worker from CSCS will notify the referrer that a decision has been made and one of the following responses will be actioned.

The pupil is in need of immediate protection.

Where the pupil is at risk of significant harm but is not in immediate danger, a strategy discussion is held.

No formal assessment is needed.

Where appropriate to do so, the DSL and staff member who raised the concern may be consulted during these stages to ensure that all areas of concern are addressed.

The DSL supports the initial staff member to liaise with other agencies to arrange an early help assessment and appropriate support.

Appropriate emergency action is taken by the social worker, police or NSPCC.

A Child in Need assessment is completed within 45 working days.

Within 15 working days of the strategy discussion, an initial child protection conference is held.

A child protection plan is potentially required.

The type of support needed is identified, arranged through multi-agency liaison and provided effectively.

Staff keep the pupil's circumstances under review and re-REFER if appropriate to ensure circumstances improve – the pupil's best interests always come first.

3

If the child's situation does not appear to be improving, the DSL should press for re-consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves.
